Statement of Significance

These stone culverts are significant as part of the first Government-built railway line in the colony, the greatest public work in Victoria up to that time. The stone arches, built to carry the rail over local creeks, demonstrates the craftsmanship of stonemasons brought out from England to work on this major undertaking.

Heritage Study/Consultant	Brimbank - Brimbank City Council Post-contact Cultural Heritage Study, G. Vines, 2000;
Construction dates	1858,
Hermes Number	106390
Property Number
