
THOMSON RIVER MINE SHAFT & ADIT

Location

WALHALLA ROAD RAWSON, BAW BAW SHIRE

Municipality

BAW BAW SHIRE

Level of significance

Heritage Inventory Site

Heritage Inventory (HI) Number

H8122-0043

Heritage Listing

Victorian Heritage Inventory

Hermes Number 10757

Property Number

History

The history of the Thomson River Mine Shaft and Adit is unknown, but general accounts of early gold mining on the Thomson River are given in the next section, 12. Sluice Workings, North Zone, Horseshoe Bend. The workings identified with the Heritage Inventory entry were done after the last of the lower sluicing works in the vicinity of Horseshoe Bend were completed. This is because the adit-level bench cuts off the main water race that supplied water to the North Zone sluicing works and downstream sluicing operations in the vicinity.

This place/object may be included in the Victorian Heritage Register pursuant to the Heritage Act 2017. Check the Victorian Heritage Database, selecting 'Heritage Victoria' as the place source.
