Physical Description 1

The house is one of three intact bluestone houses in this small area of Ballarat. This is a beautifully detailed building of coursed rusticated bluestone with bluestone chimneys. The verandah which runs the width of the house is supported on openwork timber columns and has decorative timber fretwork overlaying the bressummer. The open timber flat columns are distinctive and unusual.

This place/object may be included in the Victorian Heritage Register pursuant to the Heritage Act 2017. Check the Victorian Heritage Database, selecting 'Heritage Victoria' as the place source.
