History

Not known at this time, although the house site appears to have been occupied in the early 1940s and most probably much earlier. Craig Staggard (David Mitchell Estate) informed that his grandparents had lived in the house. His recollection was of a weatherboard house with stone footings.

This place/object may be included in the Victorian Heritage Register pursuant to the Heritage Act 2017. Check the Victorian Heritage Database, selecting 'Heritage Victoria' as the place source.
