## Physical Description 1

Shallow sinkings with mullock heaps between one and two metres in height spread across a width of about 100 metres and extending across Rayners Road in a north-north-westerly direction for over a kilometre. The heaps on the north side of the road are better formed and less disturbed than those on the south side. The heaps are well-rounded and weathered, but the workings remain well defined.

## Physical Description 2

The Elysian Flat Mining Heritage Area is bounded on the south-west by Weaver Road, on the south-east by Aldridge Road, on the north-west by Rayners Road, on the north-east by Rayners Road and its extension along property boundaries for a distance of about 400 metres, then west and finally south to Elysian Flat Creek, south along the Creek to Rayners Road and then east to its junction with Weaver Road.
