Statement of Significance

Last updated on -

Valley View Orchards is significant to the locality of Pakenham Upper because of the surviving evidence of the development of orcharding in the district. This includes the manager's house, (reputedly dating from c1915) part of the early Woolf coolstore (once one of the largest privately owned stores in the State) and notable early

refrigeration plant nearby.

This orchard was one of the biggest in the district and is one of the much smaller number to remain active.

Physical Description 1

This complex includes a coolstore with fragments of the Woolf store indicated by the ruled stucco finish (new roof and extended) and a partly renewed engine room with a working Ruston engine from 1928. The complex has been extended considerably and is located at the corner of Shelton Road.

Further along Shelton Road is the timber former manager's house which is a typical house of its era.

Physical Conditions

The complex has been greatly altered.
