Construction dates	1865,
Architect/Designer	Love, Robert Alexander,
Other Names	Lockwood Primary School No.744,
Hermes Number	40861
Property Number	

Physical Description 1

The Lockwood Primary School consists of a single-storey painted brick school room with a gabled roof clad in galvanised iron. Two original pairs of arched windows are on the east wall opposite the fireplace, the third has been altered to form an entry. A similar pair of windows is on the north gable end and a large square-headed multi-paned window on the south wall. A timber building has been added to the west, adjacent to the 1865 building. The interior has a coved timber ceiling. The wall thickness measures approximately 14" which is thicker than a double brick wall, indicating that it most likely to be of brick cavity construction.

This place/object may be included in the Victorian Heritage Register pursuant to the Heritage Act 2017. Check the Victorian Heritage Database, selecting 'Heritage Victoria' as the place source.
