Statement of Significance

Last updated on - June 1, 1992

Unlike the very common Monterey Pine tree (*Pinus radiata*), this species is not common in the Shire and the tree identified is of particular significance because of its excellent form, good condition, large size and its age. It is part

of a group planting of trees associated with the Hurst Family Cemetery which dates from 1866 and has considerable cultural significance.

BASIS OF SIGNIFICANCE:

HORTICULTURE

ILLUSTRATION OF THE THEMES

DEGREE OF SIGNIFICANCE: LOCAL SIGNIFICANCE

EXTENT OF SIGNIFICANCE:

TREE AND SITE TO 50 METRE RADIUS.
