National Trust

Statement of Significance

Last updated on - June 24, 2008

Numbers 302-306 were built in 1886 as a four-storey warehouse with cellar. In 1909 No. 308, a five-storey warehouse was added with matching floor levels, windows and general detailing which is mostly intact, both externally and internally. The combined facades, which are very elaborately detailed for a warehouse, form an attractive elevation and contribute an important element to the streetscape. The architect was T J Crouch.
