Statement of Significance

Last updated on - June 9, 2004

Contribution to landscape of historic garden or park.
Outstanding size

This tree is a fine example of a species which is uncommon in Victoria. It has a well-shaped symmetrical crown and largest example of species known in cultivation in Victoria. A larger example (T11292) was in decline and removed in 1994 as part of Conservatory development.
The tree is located south of new Robert Clark Centre.
