Statement of Significance

Last updated on - June 15, 2004

Location or Context:

Tree which occurs in a unique location or context and so provides a contribution to the landscape, historic garden or park;

Rare or Localised:

10-50 known specimens

A fairly mature tree with dense foliage growing in lawn area south-south-east of the main house. This species is rarely planted nowadays. The tree may have been planted by Madame Weigel in the 1880s when she began the layout and planting of the garden at Drusilla. Other examples occur at St Kilda Botanic Gardens and Creswick Forestry School.

Measurements: 09/1/1990
