
Pinus canariensis

T11721 Pinus canariensis

T11721 Pinus canariensis

Location

'Caranballac', Hamilton Highway, SKIPTON VIC 3361 - Property No T11721

Municipality

CORANGAMITE SHIRE

Level of significance

Regional

Heritage Listing

National Trust

Statement of Significance

Last updated on - February 2, 2005

Contribution to landscape
Outstanding size

This Canary Island Pine (*Pinus canariensis*) dominates the landscape and is a particularly fine example of the species. The garden at 'Caranballac' dates in part from the 1860s when the original homestead, built in 1835 and 1848, was extended. The seed is believed to have been brought from England by the Winter-Cookes of 'Murndal'. The homestead is 4 miles west of Skipton, and the tree is located in front of the homestead.

Measurements: 24/11/1994
Spread (m): 25
Girth (m): 4.5

Height (m): 26.5
Estimated Age (yrs): 120
Condition: Good

Access: Restricted
