Statement of Significance

Last updated on - July 1, 1999

The former Travellers Rest Inn was erected in 1849 for licensee John Primrose. This rectangular plan Colonial Georgian structure of rendered rubble granite was converted to a residence in 1865 for Jacob Hammerli who acquired the inn and surrounding Paradise 4 Vineyard. The Travellers Rest Inn is the oldest surviving building in Batesford and one of the earliest constructed wayside inns in Victoria. This building which was strategically located at the ford crossing place of the Moorabool river served as a wayside inn for only a short time as the opening of the Ballarat Geelong railway line in April 1862 deprived the proprietors of most of the overnight custom. For many years the building was associated with the vineyards operated by Jacob Hammerli a noted district vigneron.

Permit Exemptions

General Exemptions:

General exemptions apply to all places and objects included in the Victorian Heritage Register (VHR). General exemptions have been designed to allow everyday activities, maintenance and changes to your property, which don't harm its cultural heritage significance, to proceed without the need to obtain approvals under the Heritage Act 2017.

Places of worship: In some circumstances, you can alter a place of worship to accommodate religious practices without a permit, but you must [notify](#) the Executive Director of Heritage Victoria before you start the works or activities at least 20 business days before the works or activities are to commence.

Subdivision/consolidation: Permit exemptions exist for some subdivisions and consolidations. If the subdivision or consolidation is in accordance with a planning permit granted under Part 4 of the *Planning and Environment Act 1987* and the application for the planning permit was referred to the Executive Director of Heritage Victoria as a determining referral authority, a permit is not required.

Specific exemptions may also apply to your registered place or object. If applicable, these are listed below.

Specific exemptions are tailored to the conservation and management needs of an individual registered place or object and set out works and activities that are exempt from the requirements of a permit. Specific exemptions prevail if they conflict with general exemptions.

Find out more about heritage permit exemptions [here](#).
